

SPACE

a special exhibition and series of events
featuring interior design

The International Gallery of Contemporary Art, in partnership with the Alaska Design Forum, is organizing SPACE, a special exhibition and series of events featuring interior design. SPACE will include a month-long exhibition at the International Gallery downtown featuring distinct spaces that have been transformed by teams of designers; a TRADING SPACES event in which private homeowners open a SPACE in their residence for transformation by a design team, which is toured before and after; and a series of public programs about SPACE/design.

We hope you will consider supporting this unique project. Below are opportunities to be involved:

BE PART OF A DESIGN TEAM

We're looking for individuals, firms and businesses interested in creating a design team. Each collaborative team would take one of the 4 gallery spaces @ IGCA and transform it for the month of March 2009. Submit your ideas for team and approach and your desired SPACE at the gallery (center, north or south gallery or Guest Room) by November 15, 2008 by emailing igca@alaskalife.net. Also looking for designers interested in participating in our version of TRADING SPACES, where we'll take on rooms in private residences and feature them before and after through special events. We encourage teams of artists, designers, firms and businesses.

LEND OR DONATE FURNITURE

We need individuals or businesses interested in having their products featured as part of the exhibition. Design objects and furniture would be on display throughout the month of March. Businesses lending merchandise would be credited in gallery signage and in promotions. Items may also be for sale. Also looking for donated furniture, including for use by design teams working on the Trading Spaces component of SPACE.

PRODUCTS & PROGRAMS

Throughout the month of March, the Gallery will host a series of design-related programs - lectures, discussion groups, opportunities to feature design products, etc. We're looking for businesses interested in participating in programming and promotions relating to interior design and other design products.
